1 Return-to-Position (RTP) Electronic Self-Leveling (ESL) Wiring Harness

The Return-To-Position (RTP) option for 6R Tractors and H340, H360, and H380 Loaders provides superior productivity and repeatability during material handling operations. An industry exclusive, RTP allows the operator to store two boom positions and two bucket positions through the use of sensors, the tractor's CommandCenter™, and controller.

BL15219 – 6105R-6210R

2 Rear Window Defrost Element

Provides operator the ability to defrost the rear window on all 6R tractors. Perfect for early morning operations when the Cab windows are frosted over due to cold evening temperatures.

AL205891 – 6105R-6210R

3 Refrigerator

Keeping your lunch (food/bevg) cold while providing you more uptime when you need it.

BL15028 (without field office) – 6105R-6210R

BL15029 (with field office) – 6105R-6210R

4 Door Locks – Vandal Protection

Includes two (2) lockable door handles. Key is different than the ignition key for tractor.

AL71345 – 6105M-6170M, 6105R - 6210R

5 Hydraulic Trailer Brake Kit

The hydraulic trailer brake kit provides the necessary components required by the brake system to hook up to an implement with high-pressure hydraulic brakes.

BL15088 – 6170R, 6190R, 6210R

1 Battery Disconnect Switch

The battery disconnect switch is used to disconnect the batteries in preparation for 20-day to 90-day storage periods. The switch cuts the power to the entire tractor to aid in maintaining battery life.

RE324685 – 7200R-7280R

2 Cold Weather Starting Package

With this package, you can start your tractor at temperatures as low as -22 deg F (-30 C). Keeping you in the field when the conditions aren't ideal.

RE325917 – 7230R/7260R/7280R

3 Undercarriage Crop Shield

The undercarriage crop shield kit is used to protect the undercarriage when working in crops where undercarriage damage is a concern such as in sugar cane or cotton. The undercarriage crop shield protects the transmission and wiring harness on the bottom side of the tractor.

RE324072 – MY11 - MY13 7Rs

RE344730 – MY14 7Rs w/ Command Quad Trans

RE338192 – MY14 7Rs w/ IVT or e23 Trans

4 Front Hitch, Heavy-Duty Hitch Conversion (Carrier to Ground Engaging)

This kit provides a set of heavy-duty lower hitch links, a push bar, and push bar mounting bracket. This hitch is suitable for use under normal conditions including primary tillage equipment or lifting heavy implements.

RE326580 – 7200R-7280R

5 4th Remote SCV with Breakaway Couplers

The field-installed electronic SCV kits are made available for tractors needing additional SCVs to control implements. This kit provides metered flow rates and timed detents with pressure and load sense compensation.

RE327558 – 7200R-7280R

1 Implement Switch with 10ft Harness

The implement switch indicates to the CommandCenter™ when the implement is raised or lowered, to provide accurate data collection when using a performance monitor.

RE21519 – 8235R-8360R, 7200R-7280R, 8310RT/8335RT/8360RT

2 Electrically Adjustable RH/LH Mirror Conversion Kit

The electrically adjustable mirrors on both sides of the cab are handy to assist in getting the view needed of variable-width implements, wagons, or carts.

RE323407 – 7200R-7280R, 8235R-8360R, 9360R-9560R
RE323406 – 8310RT - 8360RT

3 Shade Curtain, Sunshade

The pull-down shade for the front windshield improves operator visibility on sunny days by blocking the sun's bright light and reducing glare.

RE261504 – 8235R-8360R/8310RT-8360RT

4 Heavy-Duty Drawbar Support for Cat. 4 Drawbar

This support under the drawbar assembly increases the tongue weight capability to 4990-kg (11,000-lb) vertical load.

AR211154 – 8235R-8360R/8310RT-8360RT

5 Rotating Beacon Light

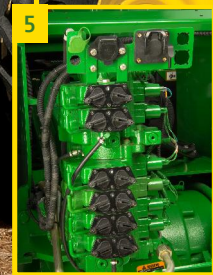

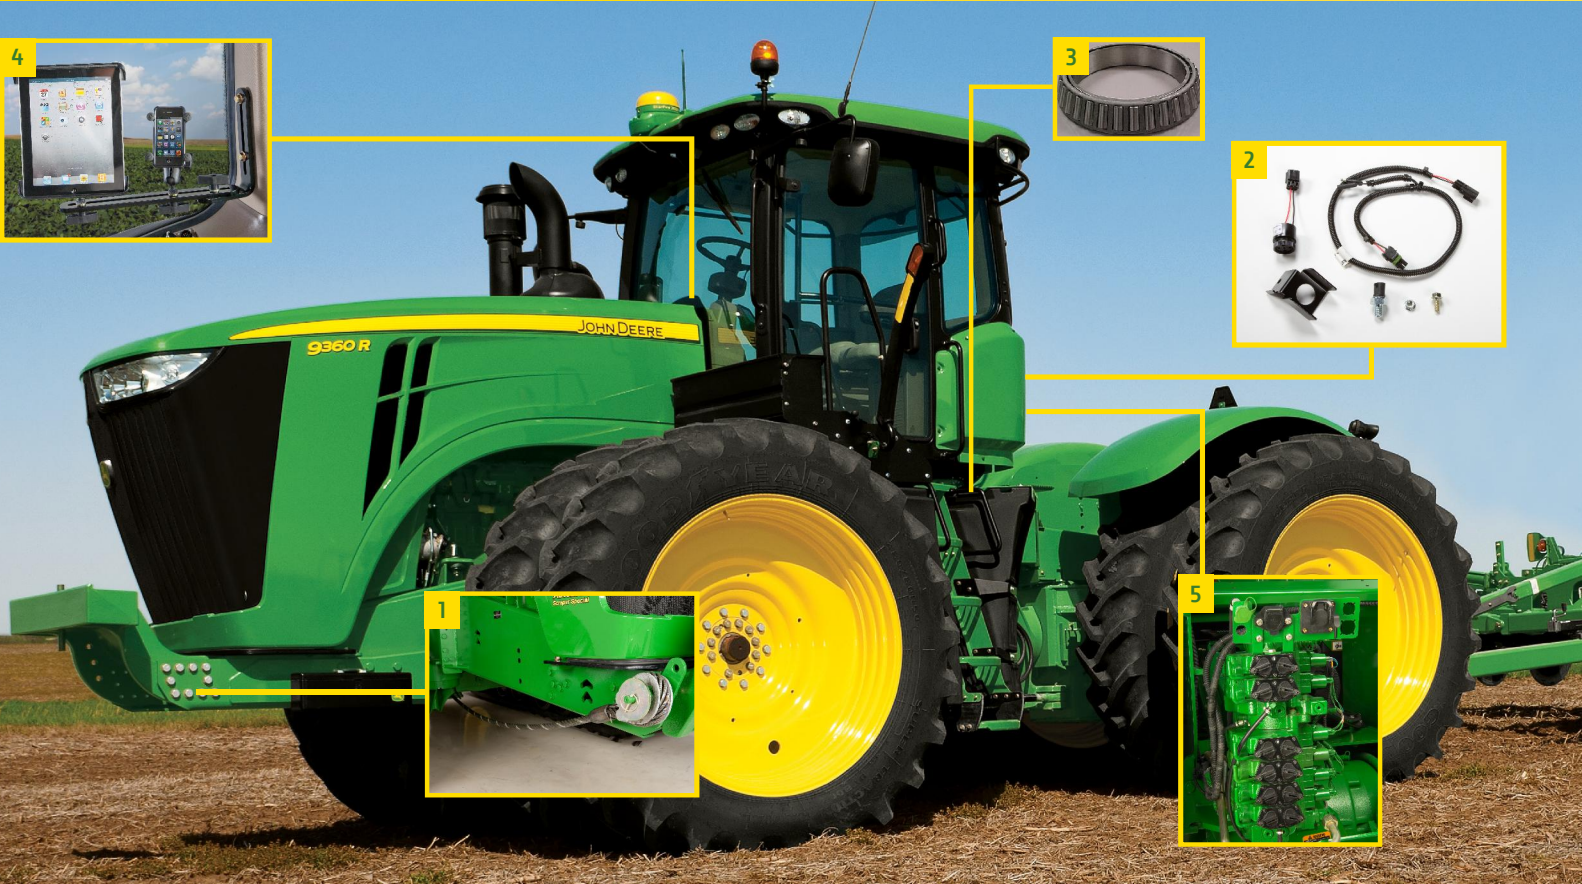

The rotary beacon light is installed to meet requirements in commercial or governmental applications. The rotating, high-intensity light rests securely within an amber-colored safety lens.

RE325694 – 8235R - 8360R / 8310RT-8360RT

1 Tow Cable Kit – Track Tow Cable Kit – Wheel

The tow cable is suggested for pulling a 9R Series Tractor in time of assistance. The tow cable is connected to the front drawbar pin and is available as a field-installed option.

RE311211

(Track) – 9460RT-9560RT/9460RTS-9560RTS
(Wheel) – 9510R-9560RS

2 Backup Alarm – Track Backup Alarm – Wheel

An alarm sounds whenever the transmission is placed in reverse. The alarm provides a high level of warning that the tractor is changing direction.

RE273380 – 9460RT-9560RT/9460RTS-9560RTS

RE254357 – 9510R-9560RS

3 Gudgeon Kit with Tapered Roller Bearings

Updates 9R Series Tractors to Tapered Roller Bearing Gudgeon with 2 1/2 in. articulation pin. Tractors that are used in deep ripping applications with hitch-mounted implements and all other applications with high vertical loads on the rear of the tractor should be equipped with this option. Also recommended for tractors equipped with dozer blades for silage packing operations.

RE277064 – 9360R-9560R

4 Accessory Mounting Bracket with Tablet Mount Kit and Cell Phone Mount Kit

Hands free operation for most smart phones or 10" tablet devices

RE343680 – Accessory Mounting Bracket

BRE10015 – Cell Phone

BRE10034 – Tablet Mount

5 Power Beyond Coupler Kit

Power beyond provides live hydraulic power to equipment. This kit supplies oil pressure to implements when the engine is running.

RE293262 – 9360R-9560R, 9460RT-9560RT
