# with John Deere Attachments

## 1 Additional Side Lighting

The lights are adjustable to illuminate the area to the sides and rear of the platform.

**BE32485**

## 2 Quick Tach Weights

Suitcase weights can be attached to the rear weight rack located directly underneath the rotary air screen access door.

**R66949** – 42 lb.  
**BM19780** – 70 lb.

## 3 Receiver Hitch Canola Roller

This receiver hitch is only to be used when towing a Canola roller.

**BE32461**

## 4 Tool Box

The toolbox is an optional piece of equipment, which can quickly be removed from the machine. This allows the operator to carry parts and tools to the platform, minimizing trips to and from the toolbox during maintenance.

**BE32484**

## 5 Flexible 4<sup>th</sup> Step

The step mounts to the existing step hardware for added versatility in muddy conditions.
